PASTOR FIRST CHRISTIAN CHURCH

REV. JOHN W. LIGON

John W. Ligon is a product of Western Kentucky, having been born in Daviess county. He was educated at the College of the Bible, Lexington, Ky. He spent eighteen years preaching in what is known as the Green River country. He held pastorates in the towns of Whitesville, Calhoun, Earlington, Trenton, Sebree, Sturgis, and Corydon. In January 1907 he accepted a call to serve the church in Augusta, resigning the charge at Corydon after six years of service. He remained in Augusta two years, when he received a call to become the minister of the old historic church at North Middletown, Bourbon county. This is one of the best churches in the Bluegrass country. He remained there almost five years. During his last year there, the congrega-

tion erected a beautiful house of worship at the cost of about \$22,000.00. Before his term of service expired at that place he received a call to become the minister of the Christian church in Barbourville. His work here is generally known. During his ministry the Sunday school in his congregation has increased three-fold, the membership of the church has correspondingly increased, and next Sunday there will be dedicated the most beautiful and convenient church building ever erected in our city. Rev. Ligon has had quite an experience as a builder of church houses. Four churches and two parsonages have been erected under his ministry. His congregation recently gave him a unanimous call to continue as pastor another year. He will enter upon his third year August the first.

## CHRISTIAN CHURCH TO BE DEDICATED

Finest Church Edifice in  
Barbourville

ORGANIZED IN 1843

The new First Christian Church will be formally dedicated next Sunday, the 13th. This congregation was organized June 28th, 1843, nearly seventy two years ago, as shown by the first record book of the congregation, which is yet well preserved and is kept by the congregation. The charter members of the congregation shown on its record, contains the names of the most prominent citizens of this community at the time, and descendants of which are now active members of the congregation. The charter members were: John Ballinger, Peter Duggins, James Pope, Peter G. Wilson, Owen R. Myers, Evermont Pogue, Mahala Pogue, Zerilda Hale, Emily Wilson, Hannah Pogue, Elizabeth Cain, Martha Smith, Ellen Pope, Martha Pope, Evaline Jones, Elizabeth Ballinger, Dicey Wilson, Daniel Cain, John Pogue, George Davenport, Susan Herndon, Jane Ballinger, William Word, A. Y. Anderson, John P. Anderson, W. B. Anderson, William Pitt Ballinger, Richardson Adams, Frederick Brafford, John W. Sparks, George McAllister, Benjamin J. Woodson, Margaret J. Woodson, Sarah Anne Stewart, and John Gill Eve.

Many of these people are remembered by a number of our older citizens now living.

Mrs. Susan Herndon, gave to the congregation, the lot on which the new church building is erected. She was a daughter of Randolph Adams, and aunt of Major George M. Adams.

The new church building is the third used by the congregation. After its organization, and for a number of years, the congregation met in the Court House, afterwards, it erected a small brick building on the site of the present building; this building afterwards collapsed, and the large frame building so well known to all of us was erected, which gave way, last year, to the present new building.

## FORMER RESIDENT OF THIS COUNTY

G M Dean Writes Asking  
Voters to Support  
McDonald

Fletcher Okla. June 2 1915. To my many friends and fellow Republicans of Knox County first thanking you for past favors permit me to ask you, one and all to go to the August Primary and cast your votes for Henry McDonald for Circuit Court Clerk of Knox Co. as you all know he had a hard fight in the past primary and after being nominated had to make another hard fight in the final election, and under the existing circumstances it is justly due him. I have known Henry from his boyhood and his father before him and they were always willing and ready to help their friends. It has always been customary to give the second term. So tell his opponent that it is due McDonald and he ought not to make a fight against him. It might seem strange to you all for me to ask you all this favor, but I am away from you all and Knox County is my native home and my heart and best wishes are with you now and forever, Respt. yours,  
G. M. Dean

## BOOSTERS PAY SHORT VISIT

Enthusiastic Greeting of  
Trade Evangelists

NUMBERING OVER 100

The business men of Louisville on the Commercial Club's trade extension excursion, which left Louisville Monday night, arrived here Tuesday morning at eleven o'clock, after making stops at London and Corbin.

The "Booster Special" was met at the depot by the reception committee with about forty automobiles, and the party was soon transferred to the Court House lawn, where a large gathering of about 500 awaited them. J. M. Robison, President of the First National Bank, welcomed them in a speech for the cause of education in Kentucky and co-operation on the part of all sections of the State for its future, social, moral and commercial welfare. Speeches for the Boosters were made by Messrs. Cassell, Beckley and Elder.

The remainder of the time was spent in shaking hands and getting acquainted with the merchants.

The train pulled out at 12:15 for Pineville, the next stop on the schedule. The entire trip of the Boosters included twenty-two stops in South-eastern Kentucky, Virginia and Tennessee.

## Spratt-Newitt

Messrs. Robert H. Newitt and Geo. F. Tinsley left Sunday morning for Richlands, Va. where on Wednesday the 10th, Mr. Newitt and Miss Margret Spratt were united in the holy bonds of matrimony. Mr. Newitt is one of our best young business men. He is the lessee of the Water Co. also for the Cumberland Gas Co.

Miss Spratt is a very lovable young lady. She was once engaged as a teacher of Art at Union College. After their marriage they started on their bridal tour, which will last until about June 25th, when they will return to this city where they will make their home on Depot St.

We congratulate these young people and wish for them many happy days.

PRESIDENT OF KENTUCKY BANKERS

ROBT. W. COLE

On June 4th, the Kentucky Bankers' Association, which met at Crab Orchard, unanimously elected Mr. Robt. W. Cole, of this city, President of that body.

At this meeting the Association adopted a resolution favoring the elimination of overdrafts and a discontinuance of the payment of overdrafts by any bank. It was the sense of this meeting that there are no funds in a bank by which an overdraft can be legally paid, and the payment of overdrafts is a misapplication of the funds of the bank, and that every

bank, if it desires to conduct the business of the bank in a legal and conservative manner, should cut out overdrafts.

J. M. Robison, President of the First National Bank, was on the program and delivered an address before the Association on the Elimination of Overdrafts. J. A. McDermott, cashier of the National Bank of John A. Black, was on the Resolution committee which recommended the Elimination of Overdrafts. All well managed banks are cutting out overdrafts.

## The Pestilence

The most harmful influence in the community is the gossip, and they thrive most in small towns and villages. The business of a gossip is to circulate scandalous stories and to enlarge upon and extend the same to reach their morbid desires.

Our little city, like all other small towns, is infested by this human parasite. It feeds upon slander and refuses to be eradicated of foul stories about decent people. And a gossip, such as reflects upon the good reputation of some woman or man, is a rich morsel under the tongue of a mongrel, and like some other foods, the more you chew upon it, the larger it gets. The species of the race ought to be eliminated; there ought to be some way of banishing the breed from the face of the earth. If the old fashioned spit stick, then which the tongue of a gossip was drawn, could now be enforced, this town as well as many other small towns, would be greatly relieved and some of the bunch would be silenced, and no individual's name would at least be soiled.

The mischief of a gossip is that when he talks:

"If in this world there would be found,

One little spot of happy ground

Without the taint of bitter;

Oh, if this mischief-making crew

Could be reduced to one or two,

And they were painted green or blue,

That the world might know them."

Like flies that sighs in light and gathers germs upon its feet and flits around, scattering disease and death, so the gossip gathers up the dirt and muddles and dashes around the town, scattering abroad ruin in the home, in the church and in society, breaking hearts, beswerving good names and blasting good reputations and bright prospects, all because he is a mongrel in a crowd.

There are now outlets for dogs, but the man who invents an effectual gossip button will have his name on every tongue and his bust in the Hall of Fame.

## If Such There Be, Go, Mark Him Well!

Breathes there a man with soul so dead, who never himself has said, the editor has quite a need. I'm glad I take his paper.

He's got a raft of gnat and sand, he prints the news of all the land, he boasts the town to be the best and that's the proper caper.

He sags the croakers in the neck, he saves the Ship of State from wreck, he's Johnnie on the spot, by heck, when things are in a jumble. He writes the ads that bring the dough, he chases all our gloom and woe, he tells us all we want to know - and yet he is quite humble. He never gets a bit stuck up, he's worked since Hector was a pup to earn his daily bite and sup and have a little over. I know we owe him many plucks, so let us shame the other skunk and furnish him with kale in chucks, where with to live in clover." - E. F. McIntyre.

Joseph B. Campbell

As presented herewith the photo of our esteemed friend Joseph B. Campbell, who has always until the present hard times brought on by the Democratic Party, been a staunch Democrat, but has made up his mind that the old party is wrong. He said to the Advocate Reporter, "You can see to the west, through your paper that I have done with the Democratic Party, because I believe in protection." Mr. Campbell says in coming to the Republican Ranks, he does so because he thinks they are right, not for the hope of fee or reward, but for the sake of principle and honest conviction.

We welcome this young stalwart, to our ranks, he is a young man who has a bright future, one that is loved by all who know him. He is a graduate of the Kentucky University, and a promising lawyer, his many Republican friends and admirers are glad to give him the hearty grip and welcome him into the greatest Party ever organized.

## Does it Pay to Advertise?

In last week's issue, we published a ten inch advertisement for the Cramer Medicine Co., of Dayton, O., concerning the premier preparation, Tanke. The Herndon Drug Co., where Tanke is sold in this city, reports that previous to Friday their sales of Tanke had averaged six bottles daily. On Saturday, the day after publication, they report the sale of fifty-three bottles of this remedy, which goes to show that an article of real merit will sell when properly advertised.

## Only Man and Woman in South-Eastern Kentucky Who Met Lincoln Before He Became President, Live on Indian Creek

Editor of Mountain Advocate

Please allow the undersigned to make it known through your columns, that there is yet living one man and his wife in Knox County, perhaps, the only couple in Kentucky, who once had the pleasure of meeting and shaking hands with so wonderful a character as that of Abraham Lincoln and that too before he became President of the United States.

Uncle Levi Campbell aged 79 years and his wife aged 81 years own and live on their farm on Indian Creek, Knox County, 4 miles west of Barbourville, where they have lived more than fifty years and raised a good and respectful family consisting of three sons; namely: Henry Campbell, Barnes Campbell, and John Y. Campbell, and two daughters; namely: Mrs. Jane Warfield wife of Henry Warfield, and Ellen Powell wife of Corney Powell.

Uncle Levi Campbell and wife Mary Ann Campbell were both born and raised near where they now live, and were married on December 23, 1856. They emigrated to Illinois in April 1858, and lived there until December 1864.

It was in the fall of 1858 when Abraham Lincoln and Stephen A. Douglas stumped the State of Illinois, discussing the political issue of that day. And Mr. and Mrs. Campbell went out to Charleston, the county seat of Coles County, to meet and hear the political issue debated by those two politicians and statesmen, which Mr. and Mrs. Campbell gave their candid attention to those two eloquent speakers.

and therefore popular arguments which they advanced with their sharp orificious tongues. Each, in such an extent that those old folks enjoyed a the present generation with pride and pleasure by telling and quoting over some of the gallant debates.

Mr. Campbell says that each of the antagonistic speakers threw out insinuations accusing the other of wanting to be president of the United States.

Mr. Lincoln then and there made his political doctrine and principles so clear to the satisfaction of Mr. Campbell that he gave his suffrage to the support of Mr. Lincoln for the Presidency in the fall of 1860, which was his first race for President, and also cast his vote the same way in the fall of 1864, being Mr. Lincoln's second and last race, and the undersigned like every body else believes beyond all doubts that Uncle Levi Campbell is the only man living in the State of Ky. today who gave his vote for the support of Abraham Lincoln as for back as the fall of 1860.

Mr. Campbell and wife have both lived a moral and religious life from youth to old age belonging to the Methodist Episcopal Church all through life and sowing seeds of kindness as example for others to follow.

Uncle Levi can walk about and come to town sometimes, but his wife, Mrs. Mary Ann Campbell, is giving down with old age very feebly, though yet has a good mind as ever. Wishing them to live in satisfaction on earth till the Lord calls them home to rest in peace forever, we remain truly theirs, Francis M. Rees

## RESIGNS PLACE ON COMMITTEE

### J. C. Bird Writes Chairman That He Can Not Serve

Williamsburg Ky., June 6, 1915.  
Hon. M. J. Holt, Chairman,  
Louisville Ky.

Dear Sir:

I hereby tender my resignation as a member of the Progressive State Executive Committee for the Eleventh District. In taking this step I desire to say that I am not deserting the principles for which the Progressive Party was brought into existence and for which it stands. I had hoped after the unfortunate split in the Republican Party at Chicago in 1912 and in view of the result of the election that year, with the platform and principles adopted by the Progressive Party, that the Progressive Party would supplant the Republican Party. In other words I hoped to see the Republican Party converted into the Progressive Party. I was willing to see that done because it looked as if that was the only way the party could be redeemed from the corrupt leadership which had brought it into disrepute. I must say, however, that my hopes for such a conversion were shattered by the result of the 1914 election in Pennsylvania, Illinois and other Progressive states as well as in Kentucky. The result of that election indicated conclusively to me that the voters of the country had determined to rid themselves of Democratic rule, and to make sure of it, that they were willing to battle over the issues under the banner of the old party. I must admit that as a member of the Progressive party, with my heart in the cause and hoping for the ascendancy of my party, that the result of that election was a disappointment to me in so far as it effected the Progressive Party. I believe, however, in looking things square in the face. As far as I am concerned personally I do not want to waste my vote. It looks as if the tariff will be one of the leading issues in 1916.

Both the Progressives and Republicans believe in a protective tariff. They differ only in the manner of handling the question. It looks now as if the proposition of taking the tariff out of politics and creating a tariff commission is going to be adopted by the Republicans. One thing has been demonstrated. That is that the Democratic method of handling the tariff is a failure and has proven disastrous. I do not want to aid, either directly or indirectly, in bringing about another Democratic Administration. I believe for the Progressives to run a ticket in Kentucky this year will only aid in the election of another Democratic State Administration.

I am unwilling to be a party to this. The election of the Democrats in Kentucky this year would possibly influence in some degree the election next year. In view of the existing condition, it is my intention, provided the Republicans of Kentucky adopt a progressive platform, to affiliate with that party this year.

It is with this in view that I tender my resignation.

Assuring you that it is with keen regret that I feel constrained to sever my connection with your committee, and believing that the principles for which we stand will finally prevail.

I beg to remain,

Yours very truly

J. C. Bird

## Deaths

RAY

On last Wednesday morning June the 9th about 3:15 o'clock the death angel visited the home of Mrs. Angia McClellan and called her sister, Mahalia Ray, to her reward.

Aunt Mahalia born Dec. 8 1846 and died June 9th 1915, aged 68 years 6 Mo. and 1 day, she suffered for about 14 years with stomach trouble, she has been a member of the Christian Church for 33 years and lived a consistent christian, she was kind and loving towards everybody and gave good advice to all she talked to.

She leaves one sister Mrs. Angie McClellan who lives in this city, and one brother, who lives in Butterfield Mo. and a host of friends to mourn their loss, but we believe according to her profession and the sweet testimony she left, saying, she was prepared to meet her God in peace and was willing to go, that she is now "asleep in Jesus" and at His coming will rise to meet Him in the air. She bore her afflictions with patience and was rather willing to depart this life and be at home with the Lord.

Her spirit returned to God who gave it and the body to its mother earth in the old Prosper burying place at Bailey's Switch.

J. W. Ligon conducted funeral services at cemetery.

We loved her yes, we loved her, But angels loved her more;

And God saw fit to call her, To yonder's shining shore.

## BENNETT

Miss Rosa Bennett, age 15 years, daughter of Levi Bennett of Bailey's Switch, died last Tuesday at her home of the dreadful disease of Tuberculosis. We join the family in their sad bereavement for we know how sad it is for one so young just blossoming into womanhood to be taken away. But we hope their loss is her eternal gain.

I had often open bed up with my back, severely able to walk. I was annoyed by the kidney secretions which were sometimes scanty in passage and sometimes profuse. I tried many different medicines, but none did as intelligently as Doan's Kidney Pills. I began using them and soon felt relief. They certainly live me up in 'good shape.'" (Statement given March 23rd, 1908).

Over three years later, Mr. Harkleroad said: "I used Doan's Kidney Pills frequently and they never fail to give the most satisfactory results."

## Men and Women From all Walks of Life Benefited by the Remedy

Lebanon, Ky., June 10. E. G. Baker, president of the Taylor-Hughes Drug Co., Louisville, says:

"The demand for Tanlac has greatly surprised us. While we knew Mr. Cooper and were aware of the success his preparation had made in other cities of the country, yet we did not realize to what extent the medicine would become so popular and a short time of time in Louisville.

"Judging by the rapidity and the expression of all letters from those who have already used Tanlac and who state that they have benefited by the preparation, Tanlac must be something of unusual merit.

"The class of people who are buying Tanlac are among the best in the city, people who are able to judge impartially and who carry weight with their statements.

"Within a comparatively short space of time we have sold several thousand dollars worth of Tanlac. When it is considered that the demand is confined to one preparation, the sale is to be considered unprecedented. In fact, it is the biggest thing of the kind ever seen at our stores."

## Artemus

The clever manager of the Warren Baseball Club, who, among other things, is quite a versatile scribe, he has been endeavoring to ascertain from various ones who are the heaviest hitters on the Artemus team. When the query was propounded to Manager Jones, of Artemus, his laconic reply was: "At the next game played, we will proceed to elucidate the tenorosity of the situation."

The Advocate's clever Warren correspondent, is quite a ladies man and the walls of his den holds quite a collection of photos of the fair sex. Being desirous of adding further to his collection of photos of Kentucky's fair sex, he was overheard asking a young damsel the other day: "Mundane specimen of bean-teanous femininity, will you not grant me the exquisite pleasure of a danguerreotype expression of the similitude of your pulchritude." We, like the young lady fainted away.

Harry Feather, Master Mechanic, and Harvey Cloyd, Boiler-maker Foreman of the L. & N. at Corbin, transacted business for their company at Artemus Monday.

Mr. and Mrs. W. B. Starks are taking their vacation with relatives in Virginia and North Carolina this week.

The Bennettsville team crossed bats with the Artemus team Saturday on the local lots, which resulted in a defeat for the locals by a score of six to two. Up to the fifth inning neither side scored and for the first four innings, not a man on either side reached second base. Two errors in the fifth enabled the visitors to get a man on first and second base. The ball was then hit to short and in making the throw to third the shaggy pill got away and before the local boy could again get control the Bennettsville players had crossed the plate. The local boys managed to round a couple of tallies in the seventh in which naming the visitors added two more to their tally and the game ended with the score 6 to 2. Taking out the errors made by the local boys in the 5th and 7th innings this was a very fast game and was enjoyed by a large crowd.

Rev. J. A. Lowry, of Barbourville, filled his appointment at the Baptist Church Sunday and Sunday night.

Manager Helton, of the Artemus Terrors, took his team to Hymyar Sunday to play the crack Farmer lads at that point. Helton sought to change his lineup a little in the fifth inning, to which the Hymyar boys objected and resulted in the game being forfeited to Artemus.

Capt. T. J. Payne, the popular Deputy Sheriff, transacted business in Barbourville Tuesday.

General Manager Haden, of the Cumberland, spent Wednesday and Thursday in Louisville.

M. J. McCluskey, who has large contracting interests in Louisville spent Saturday and Sunday in Artemus.

L. T. Helton, our genial Postmaster and Merchant, hobnobbed with the Louisville Booster in Barbourville Tuesday.

J. R. Lytle, the General Superintendent of the Asher lumber operations on Harp Creek, regaled his many friends with his inimitable jokes Tuesday.

Col J. T. Bradley, the Brush Creek coal magnate, passed through our village Tuesday en route home.

Dr. J. S. Scalf, was in Artemus Tuesday in the interest of his medical enterprises.

Mrs. J. A. McBrayer of Pineville, visited her daughter Mrs. John C. McNeil, Monday and Tuesday.

Joe Stewart, who has been at home for several weeks, received notice Tuesday to report at Hazard on the L. & N. for work in the office there. Joe has been the Catcher for the Artemus team and the boys will find his place hard to fill. He is also quite popular with the fair sex of our village and they will miss him very much.

That Spring is at last here, and the summer months with all their heat and burning rays of the sun are upon us, it was evidenced more than ever Sunday when two of Artemus' finest appeared sporting their Palm Beach suits. Those of the less fortunate—and may we not confess more ignorant as regards style, assumed an envious attitude. However the example having been set, it is to be presumed that Palm Beach suits will be more in evidence than ever. Ye scribe, whose knowledge of styles is equaled only by the flatness of his purse, will have to content himself with a different suit. For particulars as to that, see Bill Price.

For several days past, we have been intently watching the standing of teams in the Illinois and the Coalfield Leagues and for some unaccountable reason, the class of ball that is being played there of recent appears, to forcibly express it in the language of the street "Bum," "Rotten" "Digusting" etc. We thought we might secure some information by writing to the Headquarters of Organized Ball but "O. B." had no information and referred us to the Feds. Our good friend Gilmore couldn't say anything, except that Sam Carmack had cleaned out these leagues by bringing a thing of the past within a very short time and that before many moons we might see Ferns, the Georgia Peach, Lajne, and all the rest of the fans' idols romping over the sward at Lunford. Shades of Amos Rusie! What are we coming to?

We don't know what Artemus is going to do since Joe Stewart has left us. Tom Cox has been out in as a substitute catcher. As the kid said: "He ain't no catcher, he can't play mumble-peg."

We noticed Saturday that Manager Jones put Tom Hayder to pitching for his team. If the doctor wants to experiment for her, he might try yours truly and then the team would blow up.

John McNeil ought to make a good hunter, judging from the way in which he shoots snipes.

Having acquitted himself well as a pool shark, "Skinner" Kinler has resumed his usual duties as a "shrek" on the Cumberland and Passenger.

Floyd Rice, the clever "hog-head on the Cumberland, spent Saturday in Pineville. Rumor has it that he is quite a student of furniture and the zephyr gently whisper "Matrimony". We will wait and we shall see.

A good town, like the aroma from an egg of the vintage of '78 cannot be kept down. The latest in the way of improvements is an addition to the pool room.

## WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, New York, N. Y.

Jas. I. Price of Corbin was the week end guest of Chas. McDonald and family.

## DIXIE HIGHWAY ASSOCIATION

Continued from First Page.

W. J. Sparks, of Mt. Vernon, Ky., one of the prime movers in Kentucky good roads was chosen President; W. C. Culkins, of Cincinnati was elected vice President for Ohio. Judge W. T. Simmons, of Williamstown, vice President for Kentucky and A. F. Sanford of Knoxville, vice President for Tennessee. The president was empowered to appoint the secretary and treasurer. He has named James Maret, the Boone Way man, of Mt. Vernon to the secretary's place, and Fred L. Durham, of the same town as treasurer.

Outstanding among the features of the days busy activities were the attendance of the officials of the Southern Railway and Queen & Crescent Route; addresses by numerous good road advocates, including the secretary of the Dixie Highway Association, W. S. Gilbreth, of Chattanooga, State Highway Commissioners Robert C. Terrell, and others, and the adaption of a resolution declaring it the sense of the meeting that the Association support as far as possible men for National office who will urge passage "of such measures as will secure the building" of good roads everywhere.

The resolution was introduced by J. Frank White, of Cumberland Gap, the liveliest wire on the route, except Joe Bosworth. Secretary Gilbreth declared that the specifications would not be uniform since that would work a hardship on various parts

of the country, except in matters of excellence. Portions of the road, he said, would be composed of asphalt, concrete and macadam. Any roadway accepted by the State Government of Kentucky, and built under the State supervision will be acceptable to the commission. State Commissioner Terrell made it plain in his address that his office would not be too stringent upon the mountains in way of specifications and said a properly constructed road, thru the mountain territory, with a spread of nine feet of macadam would be accepted by the State provided of course other portions of construction specifications are adhered to. These statements from headquarters gives quite a relief to the citizens of the mountains of South-eastern Kentucky and East Tennessee who had feared that the Dixie specifications would be made burdensome or possible beyond our power of fulfilling.

About one hundred delegates were present representing the various counties along the Eastern Route.

All residents of any of the counties which Dixie Highway passes (between Cincinnati and Chattanooga) who shall pay a membership fee of \$1 shall be entitled to membership in the association, which membership shall be indicated by a button selected by the officers of the Association and furnished by the secretary.

All county Judges, county attorneys and members of Fiscal courts and County Courts shall be ex-officio members of the general organization without the payment of initiation fee.

Before adjournment the president called a meeting to convene at Pineville on Friday June 18th at 10 a. m. The mountain city was chosen because of the work being done there now on the Bell county roads which are to be an incentive to other portions of Dixie Highway to push their work; when the delegates from Cincinnati to Chattanooga including twenty-three intermediate counties gather further to take up the work of actual construction within the specified time.

It is of the utmost importance that all members along the line, and others interested in the early completion of this most important highway, shall be present at the Pineville meeting on Friday June 18th at 10 a. m.
